del Crear y Lo Creado: Poesia Completa 1983 - 2011 Hugo Mujica

This is Hugo Mujica's complete poetry and essay work through 2011. His spiritual understanding of life, his simplistic approach to the human condition, his acute language of silence and sparseness although rich in direct expression and meaning, his ability to transmit a myriad of ideas with sublime fluidity, his profound sensibility . . . they are all captured in each verse and expression. The language is vivid, and flush and meaningful. It describes quietness, faith, death, hope, rain, sleep, depth, thirst, end . . . And readers are embraced, intrigued, and transported into a new dimension in which they are challenged to find the essence of life itself.
