For decades a concordance of all the Dead Sea Scrolls has been a major desideratum for scholarship. The Dead Sea Scrolls Concordance consists of three volumes and covers all the Qumran material as published in the Discoveries in the Judaean Desert series, as well as the major texts from caves 1 and 11, which appeared elsewhere. Volume 1 indexes the non-biblical texts from Qumran, Volume 2 is a concordance to the non-biblical, non-Qumran Judaean Desert documents, and Volume 3 provides a convenient index to all of the biblical materials found in a wide range of Judaean Desert sites. All keywords have an English translation, and they are listed in alphabetical order rather than by verbal root, which makes the concordance easier to consult for the non-specialist.

Review

"At long last we now have the research tool on the Dead Sea Scrolls that we have been eagerly awaiting - a complete and up-to-date concordance that is readily accessible. Abegg's work supersedes the earlier, more limited, and preliminary attempts and thus gives us a wonderful entry into the entire Qumran corpus." James C. VanderKam, John A. O'Brien Professor of Theology at the University of Notre Dame, USA.

".. the 'DSSC' is remarkably comprehensive and a vital resource for serious work in the Scrolls." Daniel M. Gurtner, "Journal of the Evangelical Theological Society", 2005. " ein grosses, geradezu unverzichtbares Hilfsmittel sowohl für die alttestamentliche als auch für neutestamentliche Wissenschaft " Heinz Giesen, "Theologie der Gegenwart", 2005.
