Yurok-Karok Basket Weavers (Classics in California Anthropology) Lila M. O'Neale

Lila O'Neale's Yurok-Karok Basket Weavers, first published in 1932, remains one of the finest and most comprehensive books devoted to American Indian basketry. In contrast to the typical treatment of tribal arts in her day, which saw them as homogeneous, anonymous, and conservative, O'Neale regarded the weavers as individuals, with personal styles and outlooks and a capacity for innovation. A pioneer in the study of Native American art, she presented the art from the weaver's point of view. In addition to an introduction by O'Neale scholar Margot Schevill, this edition includes an appendix listing the identities and tribal affiliations of O'Neale's 43 consultants.
