jig head westin screwin ws04611 From Westin

Westin Screw in Qty 3

The Westin screwin jig head is the perfect accessory for you soft plastic fanatics. Ideal for vertical jigging, or casting soft plastic lures at zander, pike, perch, bass and any number of species. The lure can be easily changed by simply screwing on and off. There is an eyelet on the bottom of the jig to attach your hook/s using braid or trace. Unlike a standard jig head, without the absence of a hook through the lures body allows the lure to move more naturally with freedom and also enables it to fold in the fishes mouth when it attacks!! A great addition to our ever growing Westin range of products.

? Material: Lead

? Strong screw with cente rpin

? Ball Head

? Extra eyelet in the bottom for stinger attachment ? Moulded weight and logo

? Natural colour
