Synopsis

Available in DVD, this comprehensive, five-part DVD series of 20 videos has been designed to assist viewers in preparing for the 2003 A+ Certification Exam. Topics addressed span the spectrum, from electronics fundamentals through preventive maintenance, basic troubleshooting techniques, wireless networking, and Windows 9X, NT 4.0, ME, 2000, and XP. The product is also a useful lecture supplement to any course in A+ Certification. Each DVD consists of four 20-minute videos and features numerous demonstrations, step-by-step techniques, plus professional-quality graphics and animations to illustrate concepts and aid in retention of essential information. Easy-to-understand terminology, plus clear and concise explanations of complex concepts, is also used to help guide viewers to success in obtaining an internationally recognized credential and launching their careers as computer service technicians.
